

Satellite Internet Connectivity

For businesses that require reliable connectivity to locations lacking reliable terrestrial internet, SatCast can deliver high quality satellite connectivity anywhere in the world and do so quickly and cost-effectively.

- Deliver high-performance connectivity to any location around the world
- Quick, simple setup and installation
- Monitor remote sites in real time
- 24/7 managed connectivity includes monitoring, reporting and support
- Committed Information Rate plans available

SatCast Service Includes:

- Customized real-time alerts and reporting
- VSAT equipment and installation service
- Unlimited data with no overage charges
- Strong, global coverage powered by our network of satellite partners
- Service, support and hardware bundled into a reasonable, per location, monthly cost
